

SAFETY INSTRUCTIONS

masunt E Code Key safe & Key vault (all models)

The product may only be used for its intended purpose. Modifications or tampering with the electronics or hardware of the product by the end user may void the product liability and warranty.

The product must be mounted on a stable wall or surface that can withstand the loads. Installations in unsuitable locations (e.g. easily removable or unstable surfaces) represent a source of danger.

Access codes must always be kept safe and should only be made available to authorized persons to avoid misuse.

Use only recommended AAA batteries. Check the battery level and replace the batteries regularly.

If you notice leaking batteries, avoid direct skin contact. The leaking chemicals are corrosive and can irritate the skin, eyes and respiratory tract. **Note:** If battery fluid gets into your eyes, immediately rinse your eyes thoroughly with clean water and seek medical attention immediately.

Dispose of batteries properly according to local regulations for electronic and battery waste.
